Subject:	Mr. Baumann

Mr. Baumann worked for my company, Asset Legal, several years ago and I had very good luck placing him in contract positions, with a number of companies requesting to keep him on board, or asking for him back by name.

I enjoyed working with Mr. Baumann to the point we attempted to pursue a friendship outside of work, which is rare in the world of legal staffing, but he and his girlfriend (now his wife) seemed very much worth the time.

Incidentally, since this letter of recommendation may be used for employment or to rent or purchase a home, I should mention that I once had the opportunity to meet Mr. Baumann's volunteer dog when he was on his way to work with children and rescue workers after the events of September 11, 2001, and believe he was an extraordinary dog doing remarkable work.
